

LCCCA Patron Information -- 2009/2010 Season

The **Lebanon County Community Concert Association** is a nonprofit organization founded in 1934, and is made up of individuals and partners who seek to enrich the lives of others through presentations of fine arts performances to the Lebanon Valley communities.

A partnership with *Live on Stage* of Nashville, TN, continues a 76-year tradition of bringing concerts of the highest quality and international acclaim to the area. In addition to artists from *Live on Stage*, LCCCA contracts with local talent to provide the concert audience, a diversified genre of music.

We are extremely thankful for the contributions of patrons and sponsors that allow us to continue bringing professional artists and attractions at an affordable price to the Lebanon Valley. Please consider a tax-deductible gift to LCCCA, so that we can continue to roll out the red carpet and bring you the finest in live performances.

Remember: LCCCA has no paid administrators - each one of your Board of Directors is a volunteer and 100% of your gifts are used to pay the artists, print the programs, pay for advertising, and the other costs of presenting the concerts

We invite you to be part of this generous group by contacting us at P.O. Box 782, Lebanon, PA 17042 for more information or completing the following patron donor form. LCCCA is a tax-exempt, non-profit 501(c)(3) organization – all patron contributions are tax deductible. Donations of over \$250 are acknowledged with a written receipt.
